

KAŠPAR A SYNOVÉ
strojírna Kalmar s.r.o.

CERTIFICATE of CONFORMITY

ASTM-Standard F2506-13

We do herewith certify that the design of the variable propeller

KA-2/3-LT/F (the F variant)

is in detailed conformance to the standard requirements ASTM F2506 - 13, Design and testing of Light Sport Aircraft Propellers, and will be shipped well completed as a turn key unit, thus follows the general technical specifications in full:

- 1) Set-up of blade angle according to the engine specification
- 2) Connection material according to the engine specification

The propeller KA-2/3-LT/F will always pass the comprehensive Kaspar quality control procedure prior to shipment.

Prag, 12.2.2018
